

United Nations Conferences and Meetings, 1945-1995

Scope

The exhibit documents the postal history of the Conferences and Meetings of the United Nations over its first 50 years, 1945-1995. Service mail to and from the Conferences and their Secretariats will be shown. Specialized Agencies of the UN and not part of this exhibit.

History

The United States was founded at a 1945 conference in San Francisco. The first session of the UN General Assembly was held in London in 1946. Sessions of the General Assembly were subsequently held in Lake Success, NY and in Paris, France in 1948 and 1951. Starting in 1952, all sessions of the General Assembly have been held at UN Headquarters in NYC. Sessions of the Economic and Social Council have generally been held in NY or Geneva, but one session was held in Santiago, Chile in 1951. Special Conferences on diverse subjects has been held in many cities around the world; however, many have been held in Geneva or Vienna.

Conference Arrangements

For special conferences, generally a Secretariat is set up to make arrangements beforehand and to follow-up afterwards. These secretariats usually are located in New York, Geneva, or Vienna. Mail to or from the secretariat is included in the postal history of the conference.

Original Research

I was Conference Contributor to Gaines Catalog, author of the UN Conference Study, 1981-83 and author of the UN Conference Catalog, 2011-13. I have written many articles on UN Conference discoveries for the Journal of the UN Philatelists. Most of the Geneva, Paris and Vienna cancels, cachets and registry labels without conference identification have been researched and identified by me.
