President's Message

By Greg Galletti

The current pandemic has made attending stamp shows impossible for all of us, and sadly the American Philatelic Society, along with the American Topical Association, and the American First Day Cover Society had to cancel the Annual Great American Stamp Show scheduled for this August in Hartford, CT. Given the circumstances your President and Board of Directors discussed other options and I am please to announce that the UNPI will be hosting its annual membership meeting on Saturday August 22, 2020, from 2 - 4pm virtually. Yes "virtually" through the use of the Zoom application and the internet.

Plans for the meeting continue to evolve, and we expect to have a nice selection of presentations on UN and UN-related topics as well as a special ceremony to welcome two members to sign the Roll of Distinguished United Nations Philatelists, commonly referred to as the Richard "Dick" Powers award.

Below you will find all the necessary information to join the meeting. Please mark your calendars for the afternoon of August 22, and join us for a fun and festive meeting.

Zoom Meeting Instructions

By B. Clement

Here is the link to the Zoom meeting on Saturday, August 22:

<https://us02web.zoom.us/j/89729474581>

As mentioned by Greg, the meeting will be held from 2 to 4 PM. It would be a good idea to try logging in earlier, say between 1:30 and 1:45 PM. If you are logging into zoom for the first time, it may require you to install zoom on your computer. (By the way, you need to use a computer which has video and audio available.)

The actual meeting will be opened by Greg at 2 PM. If you are logged in earlier, between 1:30 to 2 PM, you will be able to see and chat with other members who are already logged in. When the meeting starts, when you aren't speaking, it might be good to mute yourself, especially if you have background noise like a barking dog or a noisy child.

San Francisco Conference Series

By B. Clement, Jr.

In this Journal will begin a series of articles on the postal history of the UN Conference on International Organization (UNCIO), held in San Francisco in 1945. The series is based on my new two-frame exhibit on the subject. I thought it might be useful to give the reader a little background.

I originally had a one-frame exhibit on the subject which had been shown four times, beginning at UNEXPO 17. Twice I received a Large Gold, and twice I got lower awards, Vermeil and Large Vermeil. When I got the lower awards, the judges said that the subject was too large to show in a one-frame exhibit.

I made a decision to expand my exhibit to two frames. This required adding to my material, since I was already including just about everything I had. I was very fortunate to find and acquire some beautiful new material.

I completed the two-frame exhibit late last year, and had planned to show it for the first time at Boxboro. However, Boxboro was cancelled due to the COVID 19 pandemic. So I have to wait until stamp shows resume to show my new exhibit. In the meantime, I will share it with you.

The exhibit is laid out on 12x12 inch pages, allowing the many #10 covers to be shown across the page. The article includes the identical material, but since 8 1/2 x 11 pages are used, the covers are somewhat reduced in size and the layout is slightly different.

TRIBUTE TO UNITED NATIONS PEACEKEEPING SERVICE NEW YORK SPECIAL EVENT SHEET \$ 1.20

On May 29, 2020, UNPA issued a special event sheet to honor the International Day of United Nations Peacekeepers – a day to pay tribute to our uniformed and civilian personnel.

This year marks the 20th Anniversary of the UN Security Council Resolution on Women, Peace and Security and this year's theme is "Women in Peacekeeping: A Key to Peace."

The sheet is composed of ten US\$ 1.20 denominated stamps featuring images of UN Peacekeeping services around the world. The tabs of the stamps have the United Nations logo and may be personalized.

The text on the stamp sheet reads as follows:

UN Peacekeeping helps countries navigate the difficult path from conflict to peace. We have unique strengths, including legitimacy, burden sharing, and an ability to deploy troops and police from around the world, integrating them with civilian peacekeepers to address a range of mandates set by the UN Security Council and General Assembly.

WE ARE ALL IN THIS TOGETHER HELP STOP THE SPREAD OF COVID-19

We are living in unprecedented times. The World Health Organization (WHO) is leading and coordinating the global health response to coronavirus, helping to ensure all countries are ready to prevent, detect and respond to the pandemic. To be effective we need people everywhere to adopt public health precautions, act in solidarity, and prevent the spread of misinformation.

The United Nations in March 2020 requested a global call out to creatives around the world for the COVID-19 response to help stop the spread of this disease. Thousands of creators from around the world generously came together to support the United Nations and WHO's efforts and communicate important visual messages to unite the world during this pandemic.

The stamps represent six key public health messages by UN and WHO to help stop the spread of COVID-19, namely Personal Hygiene; Myth-Busting; Physical Distance; Spread Kindness; Know the Symptoms; and Solidarity.

UNPA is issuing these stamps to support the COVID Solidarity Response Fund organized by WHO. A surcharge of 50 cents for the New York denominations, CHF 0,50 for the Geneva values and € 0,50 for the Vienna values has been added to each stamp.

We hope that by working in solidarity we can help stop the spread of this global pandemic. No one can do everything, but everyone can do something.

Together, we can save lives, protect resources and care for each other.

History

A new, more effective, world organization was first mentioned at the 1941 Atlantic Meeting of Roosevelt and Churchill. The US State Department began drafting a UN Charter, which was further discussed at the 1944 Dumbarton Oaks Conference and the 1945 Yalta Conference. The San Francisco Conference completed the work, and produced a UN Charter which was signed by all participants on June 26, 1945. When all five permanent members of the Security Council and a majority of the other 46 nations had ratified the charter, the United Nations came into being on October 24, 1945.

Notes on the Conference

Conference Plenary Sessions and Commission Meetings took place in the San Francisco Opera House. Offices of the Conference Secretariat were in the adjacent Veterans War Memorial Building. The San Francisco Civic Center housed the Barracks, the Hospitality House and the Army-Navy Coordination Group.

**San Francisco War Memorial Opera House,
Photo Post Card, No Division on back, Published by "EYE"**

The Delegations not only stayed in San Francisco hotels, but had offices there. Likewise the United States and Foreign Press had rooms and offices in the hotels.

There were no special Conference Postmarks. Many different Post Offices were used. The most common postmarks were San Francisco Machine cancels #4, #5 and #15. *Note: In describing cancels, SF is San Francisco. SF #15 is San Francisco Machine Cancel #15.*

Rarity

Rare items, of which only one or two examples are recorded, are bordered in bright blue, with a [text explanation in bright blue](#). The recorded data on other scarce items is also given in [bright blue text](#). In general, delegation covers from the San Francisco Conference are very uncommon, and this exhibit displays more delegation covers (28 covers to or from 16 delegations) than has ever before been assembled.

Research

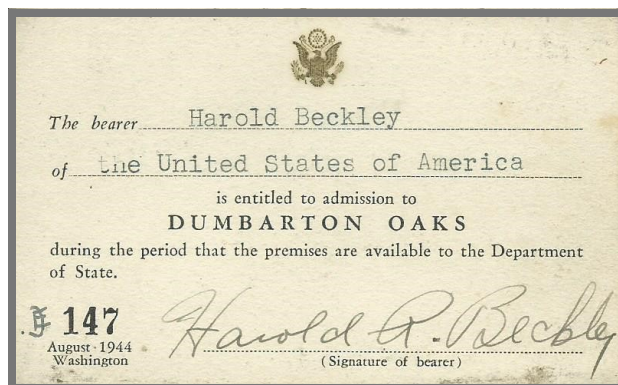

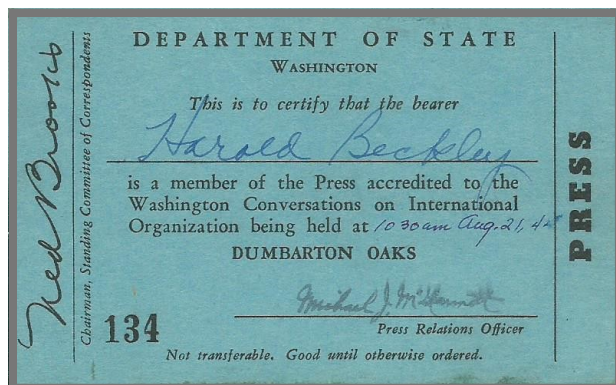

The exhibitor has identified seven different conference corner cards, and maintains an on-going census of San Francisco covers, giving data on frequency and dates of use of corner cards, cancels, etc. *Note: "CC" is used in the exhibit to refer to "Corner Card". The seven identified Corner Cards are designated CC1, CC2, CC3, etc.*

League of Nations Overprint Forgeries – An Initial Study

By Greg Galletti

As many of you know, I have specialized in the Postal History of the League of Nations (SdN) and International Labor Organization (BIT) for more than 40 years, and have exhibited and written articles on the subject. I have more recently started to focus my attention on the individual stamps with particular interest in identifying and documenting forgeries associated with the SdN and BIT overprinted issues between 1922 – 1946. Unfortunately, forgeries of these stamps are plentiful, in part due to their value in comparison to the more common un-overprinted Swiss issues that were in circulation at the time, as well as the practice common in the early 20th century of producing “copies” of stamps which could be added to stamp packets and used as album fillers by collectors.

I hope to add to this research as time permits and hope this first article inspires you to look through your material, make comparisons, and by all means contact me to share any additional varieties you may possess. I see this as a living study and work in progress and invite your contributions.

So let's take a look at the First League overprint, which was the true workhorse having been used from the very first SdN issues release around May 1922 through release of the Castles of Chillon and San Salvatore landscape issues in March 1942 and September 1943. So for a little more than 20 years this was the predominant overprint used on SdN service stamps.

The overprint itself was a simple three-line impression bearing the text “SOCIÉTÉ DES NATIONS,” applied in a cliché of 50 impressions to a sheet of stamps, or as a cliché of 25 impressions for the larger format stamps. Examples of each sheet format is presented in Figure 1 and 2, respectively.

The basic overprint generally maintained the following dimensions with some very minor variation for inking.

SOCIÉTÉ – 13.2mm length x 1.8mm height

DES - 3.7mm length x 1.2mm height

NATIONS - 13.1mm length x 1.8 mm height

Fig. 1: Small Stamp Sheet Format

Fig. 2: Large Stamp Sheet Format

Having studied several hundred stamps of various denominations issued between 1922 and 1943, I have classified eight (8) overprint forgery types with two (2) of these types having sub-varieties. The chart shows each overprint variety and various characteristics for each (Figure 3). I attempted to use both deterministic measurements as well as objective visual features to differentiate each. Again this continues as a work in progress and I welcome your submittals and observations.

Please submit your comments and observations to me at unstanz1@gmail.com. Until next time, Happy Collecting!

Discovery of a Cinderella from a WHO Predecessor Conference: International Sanitary Conference, Dresden, 1893

By B. Clement, Jr.

Recently discovered is a Cinderella label for the 8th International Sanitary Conference, held in Dresden, Germany March 11 to April 15, 1893, shown in Figure 1. This beautiful label, 31 mm in diameter, was presumably provided to delegates to the conference.

As a collector of United Nations Conference postal history, I am always surprised and delighted to find 19th century material such as this.

The UN Conference Catalog tries to document these early conferences so that we collectors can more easily identify postal history we may find as being UN-related. Presently there are 19th century listings in the catalog for the International Telecommunications Union, the Universal Postal Union, the World Health Organization, the World Intellectual Property Organization, and the World Meteorological Organization. In addition to this latest WHO discovery, numerous examples of UPU postal history exist, and a single example of a WIPO predecessor conference has been found, Madrid, 1890, as documented in the Journal, Vol. 24, No. 4, Page 12.

There is undoubtedly other 19th century conferences which could legitimately be considered to be UN predecessor conferences, and deserve listing in the catalog. Your suggestions are solicited.

This conference is one of a series of International Sanitary Conferences as listed in the catalog:

International Sanitary Conferences:

- P.1 1st, Paris, France, 23 Jul. 1851-19 Jan. 1852
- P.2 2nd, Paris, 9 Apr.-30 Aug. 1859
- P.3 3rd, Constantinople, Turkey, 13 Feb.-26 Sep. 1866
- P.4 4th, Vienna, Austria, 1 Jul.-1 Aug. 1874
- P.5 5th, Washington, DC, USA, 5 Jan.-1 Mar. 1881
- P.6 6th, Rome, Italy, 20 May-13 Jun. 1885
- P.7 7th, Venice, Italy, 5-31 Jan. 1892
- P.8 8th, Dresden, Germany, 11 Mar.-15 Apr. 1893
- P.9 9th, Paris, 7 Feb.-3 Apr. 1894
- P.10 10th, Venice, 16 Feb.-19 Mar. 1897
- P.11 11th, Paris, 10 Oct.-3 Dec. 1903
- P.12 12th, Paris, 7 Nov. 1911-17 Jan. 1912
- P.13 13th, Paris, 10 May-21 Jun. 1926
- P.14 14th, Paris, 28-31 Oct. 1938

Fig. 1: Cinderella Label, International Sanitary Conference, Dresden, 1893

The discovery of this label for the 8th Conference makes me wonder if similar labels might exist for one or more of the other 13 conferences. Those of you who regularly look through Cinderella material might be on the lookout! You might discover something previously unknown to UN collectors.

Other WHO predecessor conferences listed in the catalog are meetings associated with the International Health Office in Paris, 1907 to 1919, and meetings of the Pan American Sanitary Conferences, in Washington, DC and various Latin American capitals, 12 conferences from 1902 to 1947.

Also there are a number of League of Nations Health Conferences from 1920 to 1937, covering such subjects as European Health, Serology, Syphilis, Opium, Sleeping Sickness, Pacific Health, Infant Welfare, Schools of Hygiene, Vitamin Standardization, Rural Hygiene, Narcotics, Pan-African Health and Standardization of Hormones. Please refer to the League of Nations chapter of the catalog for details of these conferences.

Discovery of Previously Unknown League of Nations Origin Cachets

By B. Clement, Jr.

A fascinating area of study in the postal history of the League of Nations is the origin cachets used at its Geneva office. In the UNP Monograph, *Origin Cachets of the UN, its Agencies and its Predecessors*, published in 2000, there are listed 67 different origin cachets which had been observed. In addition, there were listed 9 additional cachets which had been authorized, but not yet observed; two of these have been found and documented in the Journal: boxed ITR. and STENO.

All of the “authorized” cachets were in boxes, and have been observed in the time frame 1934 to 1946. Some examples of these boxed cachets are shown in Figure 1.

Fig.1: Examples of LON-Geneva boxed Origin Cachets:
DEPT.III - Department III, Health, Opium & Cultural Questions
RON. - Mimeograph Service (Ronéo)
SI-BC - Internal Service (Service intérieur), meaning of BC is unknown

Recently Greg Galletti acquired two League covers which have origin cachets that were unknown to UN collectors. Neither of these cachets was boxed, but had styles that were more common in the early years of the League. The first cover, from 1924, has a three-circle origin cachet for the Publications Service and is shown in Figure 2.

Fig. 2: 1924 League cover with Publications Service origin cachet

This style origin cachet has been observed in two other cachets, all in the 1922-1925 time frame. The three cachets with this style are shown in Figure 3.

Fig. 3: League 3-Circle Cachets:
Service des Publications - 1924, French
Economat - 1925, French
Publication Department - 1922, English

This 3-Circle cachet was more typically used by the ILO in Geneva. About 20 different ILO cachets used this format. A few examples are shown in Figure 4. Note that all of these include “Societe des Nations” in the text; there are others that do not.

Fig. 4: Examples of ILO 3-Circle Cachets:
Bureau du Courrier - 1924
Service des Ventes et de la Publicité - 1924
Service du Matériel et Economat - 1938

Galletti's second League cover with a new origin cachet, from 1926, is shown in Figure 5. Since this is sent to the same printer as the first cover, it is likely that the “PS” also refers to Publication Service (in English).

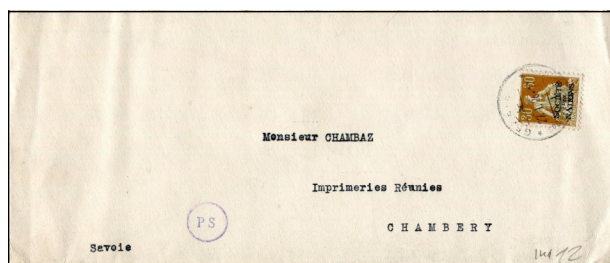

Fig. 5: 1926 League cover with a different Publication Service origin cachet (15 mm diameter circle)

The “PS” cachet format is a more common one used for League of Nations origin cachets used at Geneva. Seven different cachets are now known that used this format. All of these use circles that are 14 to 16 mm in diameter, and have been observed in the time frame 1926 to 1937. All the letters have serifs. These cachets are shown in Figure 6.

Fig. 6: League origin cachets in 14-16 mm circle:
 CA - 1938, Commissioners of Accounting
 DIS - 1932, Distribution Service
 DUP - 1927, Duplicating Service
 INF - 1928, 37, Information Service
 IT - 1926, 31, Interpretation and Translation Service
 POL - 1926, 1935, Political Section
 PS - 1926, Publication Service
Note: The Editor solicits color images of the cachets CA and DUP (as well as unlisted cachets).

The author also acquired a cover (or piece of one) in 2018 with unlisted League cachets, as shown in Figure 7. This is the first reporting of the find. The 1939 registered cover to Stockholm has the listed cachet, boxed EPID, and two unlisted cachets, in French and English. These cachets are shown enlarged in Figures 8 and 9.

All these years later, we continue to make discoveries and add to the postal history of the League of Nations. Please let us know if you can add to that story.
